

Fast-Track Your Deliveries Like Never Before—with SaleGO

Think of SaleGO as your delivery co-pilot, built to steer every order safely and swiftly from shelf to store-front. SaleGO is designed for wholesalers, distributors, and every delivery-based business. It helps you run seamless, error-free operations with your sales reps, van agents, and field teams all working in sync.

From automated order creation and real-time fleet tracking to capturing digital signatures and collecting payments, SaleGO brings every touchpoint of your delivery workflow under one roof. The app is intuitive for drivers, powerful for managers, and ready to scale with your business.

SaleGO is built to fit in. It integrates smoothly with your existing accounting and ERP systems, including AdIER, and as a result, your inventory, invoices, and customer data will stay connected and always updated.

Whether you're managing 5 routes or 50, deliver faster, smarter, and smoother with SaleGO!

Powered by Anvin Infosystems

At Anvin Infosystems, we specialize in creating softwares that help organizations work smarter, faster, and more efficiently. From enterprise resource planning systems to specialized apps like TECMATE, our solutions are built to solve real-world operational challenges.

With a focus on usability, scalability, and reliable performance, we deliver technology that adapts to your workflow—not the other way around. Our team combines deep technical expertise with a practical understanding of business processes, ensuring every solution is both powerful and easy to use.

We believe technology should be intuitive, impactful, and future-ready. Our approach, therefore, blends innovation with reliability, helping businesses streamline operations, reduce costs, and make informed decisions with confidence. From app development to ERP to an array of services, solutions, and products, our portfolio is designed to meet the demands of a rapidly evolving digital world.

At Anvin, we're more than a software provider. We're your partner committed to driving growth, efficiency, and long-term success.

One **ERP**.
20+ **Industries**.
Infinite **Possibilities**.

Your Workflow Deserves a Co-Pilot!
